- Institutional Support

OUR POSITIONING

INTEGRATED PROCUREMENT, SUPPLY CHAIN & LOGISTICS

EverTrust provides an integrated procurement, supply chain and logistics link for international organizations, NGOs, and humanitarian agencies operating in Sudan. Our integrated model covers the relevant stages from strategic requirement definition and global sourcing through compliant procurement, international transportation, customs clearance, and distribution.

Our integrated approach is designed to support risk control and operational transparency, while coordinating the delivery of essential medical supplies in accordance with agreed specifications, timelines, and destination requirements, particularly in complex operating environments.

REQUIREMENT → SOURCE → PROCURE → MOVE → CLEAR → DELIVER

INSTITUTIONAL

Designed for structured organizational requirements.

Responsive

Focused on clear coordination and timely execution.

CONNECTED

Built to link sourcing, freight, customs, and delivery into a single coordinated process.

SUDAN-FOCUSED

Led by a team with direct knowledge of the Sudan market and logistics environment.

WHY EVERTRUST

A coordinated approach to complex supply requirements.

ONE COORDINATED CONTACT

A structured point of coordination across relevant supply activities.

REQUIREMENT-LED

Solutions begin with the actual specifications and operational needs.

CLEAR COMMUNICATION

Relevant updates and information are organized throughout the process.

INTEGRATED WORKFLOW

Procurement, trade, and logistics activities can be coordinated as connected stages.

INSTITUTIONAL FOCUS

Designed around the documentation, responsiveness and discipline expected by organizations.

SUPPLY CONTINUITY

Structured planning and follow-up designed to minimize interruptions across the supply process.

ONE COORDINATED WORKFLOW

Reducing unnecessary coordination complexity.

WITHOUT COORDINATION

- ✗ Multiple suppliers
- ✗ Multiple contacts
- ✗ Scattered documentation
- ✗ Separate follow-up
- ✗ Unclear handoffs

WITH EVERTRUST COORDINATION

- ✓ One coordinated workflow
- ✓ Structured procurement
- ✓ Connected logistics activities
- ✓ Clear communication
- ✓ Organized follow-up

EverTrust is designed to simplify complex supply requirements while keeping the client informed throughout the relevant process.

FROM REQUIREMENT TO DELIVERY

01

REQUIREMENT

Understanding needs and defining scope.

02

SPECIFICATION

Setting detailed technical and commercial requirements.

03

SOURCING

Identifying suitable suppliers and options.

04

QUOTATION / COMMERCIAL REVIEW

Comparing offers and finalizing commercial terms.

05

PROCUREMENT

Issuing orders and confirming arrangements.

06

IMPORT / EXPORT

Managing cross-border movement and documentation.

07

CUSTOMS

Clearing and regulatory coordination.

08

TRANSPORTATION

Coordinating movement by the most suitable mode.

09

STORAGE / HANDLING

Receiving, managing, and preparing for dispatch.

10

DISTRIBUTION

Coordinating delivery across destinations.

11

DELIVERY

Ensuring timely and accurate handover.

12

FOLLOW-UP

Tracking, reporting, and closing the process.

A structured workflow that brings together procurement, trade, logistics, and delivery — with clear coordination at every stage.

QUALITY & SERVICE PRINCIPLES

ACCURACY

Attention to specifications and documentation.

RELIABILITY

Respecting agreed requirements and maintaining organized follow-up.

RESPONSIVENESS

Clear communication and timely attention to requests.

TRACEABILITY

Maintaining visibility across relevant stages of the supply process.

ACCOUNTABILITY

Taking ownership of coordination and follow-up.

PROFESSIONALISM

Disciplined communication and structured execution.

COMPLIANCE & INSTITUTIONAL READINESS

A formal foundation for working with institutional requirements.
